

These parts are specially manufactured in two metre lengths from a wide range of sizes and designs for which tooling is available. All parts can be supplied cut to size and drilled or tapped to suit the specific application. Minimum order quantities will apply.

**Type A**

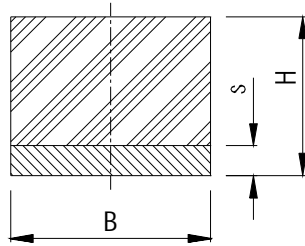

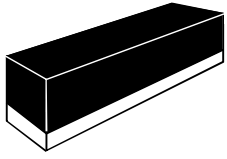

Compounds Produced: 40° Shore A (Soft)  
 (Natural Rubber) 55° Shore A (Medium)  
 70° Shore A (Hard)

Note: Manufactured In Two Metre Lengths

Breadth B (mm)	Height H (mm)	Plate Thickness s (mm)	Min Order Quantity

Type B

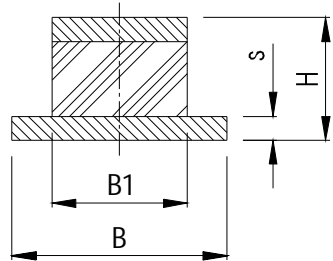

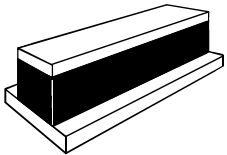

Compounds Produced: 40° Shore A (Soft)  
 (Natural Rubber) 55° Shore A (Medium)  
 70° Shore A (Hard)

Note: Manufactured In Two Metre Lengths

Sizes Available Are As For Rail Type A

Type C

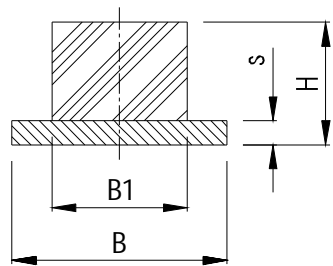

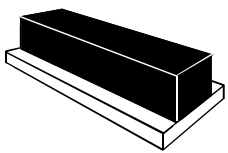

Compounds Produced: 40° Shore A (Soft)  
 (Natural Rubber) 55° Shore A (Medium)  
 70° Shore A (Hard)

Note: Manufactured In Two Metre Lengths

Sizes Available Are As For Rail Type A

Type D

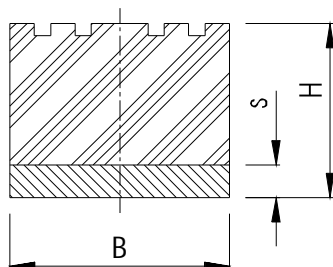

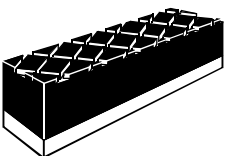

Compounds Produced: 40° Shore A (Soft)  
 (Natural Rubber) 55° Shore A (Medium)  
 70° Shore A (Hard)

Note: Manufactured In Two Metre Lengths

Sizes Available Are As For Rail Type F

Profiled

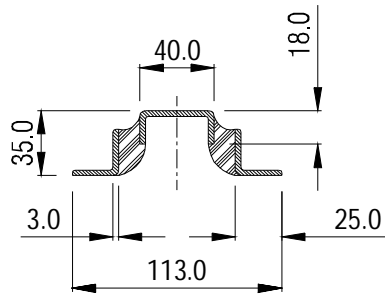

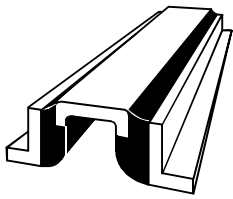

Compounds Produced: 40° Shore A (Soft)  
 (Natural Rubber) 55° Shore A (Medium)  
 70° Shore A (Hard)

Note: Manufactured In Two Metre Lengths

Sizes Available Are As For Rail Type F

Type U

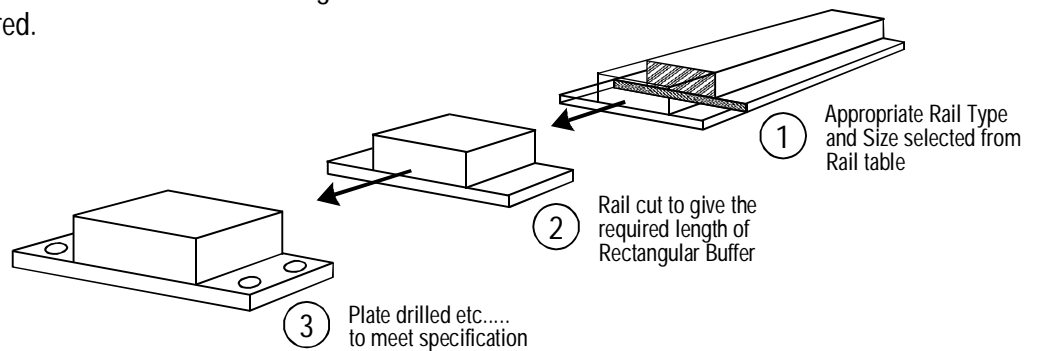

Part No. RAIL-U-RA1554

Compounds Produced: 40° Shore A (Soft)  
 (Natural Rubber) 55° Shore A (Medium)  
 70° Shore A (Hard)

Note: Manufactured In Two Metre Lengths

Rectangular Buffers Cut From Rail

It is possible to manufacture Rectangular Buffers from Rail as illustrated. The Rail can be supplied as manufactured in 2 metre lengths, or can be cut and drilled to meet the customer's individual requirement. This process has the added advantage that no tooling is normally required.

Mountings Cut From Rail

It is possible to manufacture Mountings from Rail as illustrated. The Rail can be supplied as manufactured in 2 metre lengths, or can be cut and drilled to meet the customer's individual requirement. This process has the added advantage that no tooling is normally required.
